## Report

ON

## SOCIAL SERVICE

Every year, the International Day of Persons with Disabilities (IDPD) is marked on December 3. The day is observed to promote the rights and well-being of people with disabilities at every level of society and development. Additionally, it also aims to raise awareness of the situations of persons with disabilities in all aspects of political, social, economic and cultural life.

"More than 1 billion people experience disability, and this figure is predicted to rise, due in part to population ageing and an increase in the prevalence of non-communicable diseases," World Health Organization (WHO) said.

Shri. M.S.Mukund Director Gurukul Group of Institutions , expressed his concern about the growing 'digital divide' and emphasized that technology can be an enabling and empowering instrument to give access to learning resources for the differently abled. He said a proposal for an advance studies centre in the field of disability studies will be considered and ratified by the next academic council.

On this day Director Gurukul Group of Institutions Shri.Sanjeev R.Patil , Principal GDC along with Dr.S.B.Hagargi NAAC coordinator distributed sweater to the blind school students.All blessed the children with their blessings.The day spent was really good.

### Report On Blood Donation

A Blood donation camp was organized by Gurukul Degree College , in collaboration with Indian Red Cross Society, Kalaburagi, through some units of blood was donated by both students and the staff members of our Gurukul Degree college. It is a way of Gurukul Degree College; Kalaburagi gesture in bringing a ray of hope to contribute to the serious problems of acute shortage of blood. India faces a blood shortage of 3 million units. The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps and students and the faculty members come forward voluntarily to donate blood. While addressing to people at the camp our NSS volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it.

## SOCIAL SERVICE

Every year, the International Day of Persons with Disabilities (IDPD) is marked on December 3. The day is observed to promote the rights and well-being of people with disabilities at every level of society and development. Additionally, it also aims to raise awareness of the situations of persons with disabilities in all aspects of political, social, economic and cultural life.

“More than 1 billion people experience disability, and this figure is predicted to rise, due in part to population ageing and an increase in the prevalence of non-communicable diseases,” World Health Organization (WHO) said.

Shri. M.S.Mukund Director Gurukul Group of Institutions , expressed his concern about the growing ‘digital divide’ and emphasized that technology can be an enabling and empowering instrument to give access to learning resources for the differently abled. He said a proposal for an advance studies centre in the field of disability studies will be considered and ratified by the next academic council.

On this day Director Gurukul Group of Institutions Shri.Sanjeev R.Patil , Principal GDC along with Dr.S.B.Hagargi NAAC coordinator distributed sweater to the blind school students.All blessed the children with their blessings.The day spent was really good.

## Report

### SOCIAL SERVICE ON WORLD DISABLED DAY

Every year, the International Day of Persons with Disabilities (IDPD) is marked on December 3. The day is observed to promote the rights and well-being of people with disabilities at every level of society and development. Additionally, it also aims to raise awareness of the situations of persons with disabilities in all aspects of political, social, economic and cultural life.

“More than 1 billion people experience disability, and this figure is predicted to rise, due in part to population ageing and an increase in the prevalence of non-communicable diseases,” World Health Organization (WHO) said.

Shri. M.S.Mukund Director Gurukul Group of Institutions , expressed his concern about the growing ‘digital divide’ and emphasized that technology can be an enabling and empowering instrument to give access to learning resources for the differently abled. He said a proposal for an advance studies centre in the field of disability studies will be considered and ratified by the next academic council.

On this day Director Gurukul Group of Institutions Shri.Sanjeev R.Patil , Principal GDC along with Dr.S.B.Hagargi NAAC coordinator distributed cricket kit with some refreshment to the blind school students.All blessed the children with their blessings.The day spent was really good.
