- Integrating ICT based teaching with conventional teaching methodology.

- Collecting feedback from students, teachers, parents, employers, and peers.
- Automation of Library, admission, office automation, examination, and reporting
- student's attendance to classes and results.

Incremental development in the quality of education due to IQAC Initiatives

Since its establishment its establishment in 2017, The IQAC is responsible for continuously monitoring, evaluating, and reporting on the quality of teaching, teaching methods used, classroom environment and the effect on student performance. IQAC cell has taken a lead role in organizing many workshops for students, Faculty development programs for the teaching staff. The Academic Programmes are enriched by Guest Lectures and extra-curricular activities for the students.

STUDENT SUPPORT PROGRAMS The college has a structured support and mentoring mechanism which is effectively rendered through cells/committees/services such as Student Welfare Committee, Sports Committee, Anti-Ragging Committee, Cultural Committee, Student Quality Assurance Cell, Grievance Redressal Cell, Anti Sexual Harassment Cell, Placement Cell, International Student Cell, Women Empowerment Cell, Entrepreneurial Development Cell, Language Cell in addition to Counselling and Mentoring services.

At the beginning of the academic year is the conduction of an induction programme for the Fresh batch of students to acclimatize them the various facets of college life, campus, facilities available and to acquaint them with their staff and fellow students.

Bridge Courses: In our efforts towards academic excellence and growth, we have initiated action to bridge the gap between the institution and industry. Bridge Courses are conducted in the subjects of Accountancy.

Tutorials and Remedial Classes: All the Departments Conduct Remedial classes to students who are below the expected level to stress the basics in the subject which can help students to fully understand and to cope up advanced concepts with the rest of the class and Tutorial classes for the slow learners to give them individual care to motivate and help the academically weaker students to realize their weakness and help them to improve on their fronts.

Add on Courses: To make the students more competitive along with academic progressions, students are encouraged to enrol their names for the Add on courses.

Communication Skills course: For the First year U.G. students

Accounting Software proficiency course: For Second year U.G. student

Common Entrance Test (CET) for P.G. Courses coaching: For Final Year U.G Students

As per the guidelines of the IQAC Important National Days and Jayanthi's of National Leaders were celebrated.

Mentoring system

As a part of quality improvement, it is resolved to introduce mentor system as a regular practice. Every faculty is assigned with group of students with clear guidelines for monitoring the group of students assigned and ensure their all-round development. The mentors keep close watch on the regularity, punctuality, interactive participation in learning process and provide personal guidance and motivate for further improvements. This exercise has resulted in improving the performance of students from stage to stage. In addition to this student under mentorship are able to fetch ranks and university blues. This mentoring system has given higher order of satisfaction among students community, parents and strengthen a teacher student relation.

Outreach Programmes

The institution is committed to emerge as an institution of global excellence, preparing youths for global competitiveness and contributing towards enhancing human happiness index and nation building activities. Along with academic performance it is proposed to prepare youths with social responsibility to respond to the social problems and contribute his or her best in eradicating or to minimise the social problems. As a part of outreach programmes group of students are given orientation to render social services either voluntarily, individually, or institutionally. Student are encouraged to take stock of social problems in their respective localities or in the neighbourhood or in the adapted villages. Awareness camp on several issues like child labour, child marriage, women protection, human rights, voting rights, benefits from government schemes etc are the examples of outreach programmes arranged in the adapted village in association with different government agencies. These programmes created great impact on the social life of the villagers.

Collaborative Quality initiatives - MoUs
