DATE: 15-10-2022

BEST OUT OF WASTE

This event is to bring such ideas to students and to help them think themselves on such ways of reusing everyday materials that will not only reduce the waste but provide them with useful household products. The idea will not only be of economic and material value for students, but will be helpful in creating environmental consciousness among them that is the need of the hour.

Rules and Regulations:

- Team shall consist of minimum 1 member and maximum 4 only.
- Participants will be given 1 hour to show their creativity and 2 minutes to talk about the same.
- The required waste material and stationery like scissor, thread, glue etc. should be brought by the participants.
- Waste material could be anything like tetra packs, bottles, newspapers, old utensils, jute material or any second hand items that otherwise would be thrown away.
- The material would be rejected if not found to be a waste product or second hand item.
- No ready or semi-finished model or matter would be accepted from participant in competition.
- Participants will be judged on Creativity, Utilization of Resources, Artistic composition & design, Eco-friendly rating, Utility of the Product and Overall Presentation
- No mobile or Internet means would be allowed to use at the time of Competition.
- The decision of the judges will be considered final and abiding.
